Dear Mayor Rodriguez:

Re: Sewer Use By-law and Source Control Program

The Lake Panache Campers Association Inc. represents some 250 members who are either seasonal campers and/or permanent residents at Lake Panache.

We understand the City of Greater Sudbury is proposing a by-law to address the issue of wastewater that by-passes sewage treatment facilities resulting in a deleterious effect on downstream lakes and streams.

As our Association has a keen interest in protecting the water quality of Lake Panache and all other lakes within the City of Greater Sudbury, we encourage City Council to adopt the proposed by-law and take the necessary steps to protect our precious lakes and streams.

Sincerely,
